

07/10/15 - Magnum Classic Boot - Classic style, new technologies

The Magnum Classic Boot ? Introduction

The Magnum classic boot has been redesigned. It has the same Magnum classic look but with new Magnum technology. In this post I am going to talk about the new Magnum Classic and is it going to be as good as the old one.

Magnum Classic boot ? The Look

The Magnum Classic boot has a very similar look to the old classic that was designed in the 1980s. In simple terms it has a plain and professional look to it. It has leather on the front and back of the boot. The rest of the boot is made with tough durable nylon which means it is one of the best at keeping your feet nice and cool. Every one loved the old classic look and you will not be disappointed with this boot as it looks very much the same. You can see it was defiantly based of the old 1980s boot just by taking a quick look at it.

Magnum Classic boot ? The New Specification

The New Classic boot is full of New Magnum Specification. This is all been put in to make the boot a better patrol boot for everyone. It has been designed with the end user in mind with the technology to make you and your feet happier on patrol. The Magnum classic is lighter then the old classic by 10%. This makes it an extremely light boot on your feet. The boot has an improved under foot by using an EVA wedge. This was not on the old version so would hurt your feet over time. The Tongue on the new Magnum Classic boot is made from a padded foam which make it a lot more comfortable on the wearer. The boot is made of rustproof hardware so the boot will not wear over time which makes it more durable. The new Magnum classic boot comes with a TPU reinforced toe box which gives the wearer added protection. The inner lining is a cambrelle lining which makes the boot stay cool as it has a moisture wicking technology. The steel shank in this boot supports and maintains the shape of the boot which makes the boot more durable and less likely to wear. This is a great added factor as we know on patrol you can get though a lot of boots. All in all the added technology to a much love boot is only a good thing and makes this boot a better version to the classic.

Magnum Classic boot ? Where should I get a pair?

With all Magnum boots I would always advise to go to a Magnum Elite stockist as they know the most and always have the stock. I got my Magnum Classic boots from Patrolstore for only £44.99 and at that price what a bargain!!! I advise you go there quickly and get a pair they are worth much more then that. If you loved the old Magnum Classic boots I am sure you will love the new ones just as much if not more.
